We aim to deliver unique products to the market drinks that will satisfy even the most demanding gourmets. The first step in our business is the launch of the Czysła Odwaga brand, which quickly conquers the hearts of people looking not only for quality and unforgettable experiences. Welcome to the world of BBSPIRITS, where passion for craft alcohol meets with professionalism and care for every detail. Discover with us a palette of flavours and aromas that will stay with you for a long time, creating unforgettable memories.

CZYSTA ODWAGA COLLECTION

Czysta Odwaga Potato Vodka

Czysta Odwaga potato vodka has a smooth, slightly sweet taste thanks to the high-quality potato spirit. Its higher strength gives it a unique character, emphasizing the fullness and expressiveness of its flavour. The production of Czysta Odwaga vodka is a controlled process that starts with selecting the best ingredients. The water used for production comes from our own deep-sea intake at a depth of 112 meters (Miocene seam), which ensures its purity and excellent quality. Rectified spirit with documented origin from a craft distillery that has its own distillery, which allows for full control over the production process from raw material to the finished product. Each batch is strictly controlled in the laboratory. Only the best and purest alcohol fractions are selected for the production of vodka. The rectified product thus produced is placed in steel vats, where it spends a minimum of 30 days before further processing. Czysta Odwaga vodka is a harmonious combination of tradition and modern technologies. Thanks to the use of the purest ingredients and rigorous production process, we offer vodka with a unique, smooth taste with slightly sweet notes, which will certainly satisfy the most demanding connoisseurs.

White Buffalo

40 ml Czysta Odwaga vodka

30 ml sour

20 ml of green tea and exotic fruit syrup

20 ml of albumin

Method: shake

Glass: short

Garnish: beetroot powder

Czysta Odwaga Gin with Polish botanicals

Czysta Odwaga Gin is the result of a carefully controlled production process, which begins with the maceration of fresh, natural ingredients from both Poland and the world. For maceration, we use Czysta Odwaga potato vodka with a strength of 42.3%, which allows for a harmonious combination of our projects. The maceration of ingredients is carefully monitored in terms of time and temperature to ensure the best extraction of aromas and flavours. To produce gin, we use water from our own deep water intake at a depth of 112 meters (Miocene deposit), which additionally improves the quality of our product. The first step in creating gin is to prepare its base, which is a mixture of potato vodka and juniper fruit distillate (about 8-12%). Czysta Odwaga Gin with Polish botanicals is a harmonious combination of unique ingredients and a carefully controlled production process, creating a drink with a complex but perfectly balanced flavour and aroma profile.

Czysta Odwaga cherry liqueur

The cherry-flavoured Czysta Odwaga liqueur is handmade from fruit obtained from local suppliers from Greater Poland. They ensure that orchards and gardens are properly watered in late summer to get the best fruit. After harvesting, the cherries undergo a maceration process lasting 30 days, which gives them a distinguished, deep aroma and flavour. These are features that will be appreciated not only by seasoned connoisseurs. The production process is supervised at every stage to ensure the highest product quality. The cherry-flavoured Pure Courage tincture has a strength of 25% and is perfect for enjoying alone.

Czysta Odwaga quince liqueur

Czysta Odwaga liqueur with quince flavour is not only a unique drink. Juicy and carefully selected fruits give an intense taste, aroma and sunny colour. These elements attract lovers of good liqueur who appreciate the taste of our quince composition. This is the perfect way to return to warmer climates on cold days of autumn and winter and warm up with the extraordinary taste and aroma of this unique liqueur. High quality makes it an excellent choice that encourages you to share it with your loved ones in special moments.

Czysta Odwaga rhubarb liqueur

The Czysta Odwaga rhubarb liqueur is distinguished by the unique taste of spring raspberry rhubarb. We closed a 20% alcohol drink in a glass bottle, with a hint of sweetness and a bit of acidity. Rhubarb tincture is a universal drink - on the one hand, it goes perfectly with desserts, and on the other, it is pleasantly refreshing even on hot summer days. It can be served sautéed, e.g. with ice cubes, emphasising its lightness and delicacy. For lovers of drinks, we recommend it paired with prosecco, lime and mint leaves. Add a few ice cubes and enjoy it with your family or friends.

SPIRITS

Czysta Odwaga mirabelle liqueur

Czysta Odwaga liqueur with Mirabelle flavour is part of the seasonal collection. The recipe is based only on ripe mirabelles, crystal clear water from a deep well and spirit that is repeatedly distilled and rectified. The combination of these ingredients creates a unique liqueur with a charming colour and 30% alcohol content. The perceived taste is a combination of sweetness and slight acidity, which increases the intensity of the experience. The liqueur is perfect for special moments spent with loved ones. Consumed on autumn evenings, it brings back the best moments of summer.

Czysta Odwaga chokeberry liqueur

Czysta Odwaga liqueur with chokeberry flavour is a unique craft alcohol that stands out for its natural ingredients and a distinctive, slightly tart taste. Produced from the highest quality chokeberry, harvested by hand in late August, the tincture offers a wealth of flavour and aroma, which makes it an ideal choice for people looking for unusual drinks. The alcohol content of 30% is a perfect balance of depth of flavour with the intensity of fruit tartness. Thanks to this, liqueur Czysta Odwaga, with chokeberry flavour, is an excellent choice for drink lovers with a distinct, natural character.

Wheat Vodka

Wheat vodka, which won a gold medal in Warsaw! Spirit Competition 2021 is one of the brand's vodka series Ima Distillery. Its composition was created with thought in mind not only for experienced gourmets but also for those who value exceptional taste and quality. It is the result of carefully selected crystal-clear water obtained from its own outlet in the forest buffer zone Greens and the best varieties of wheat that are available carefully and selectively selected from local farmers from Greater Poland. Wheat Vodka by Ima Distillery is a product made exclusively from Polish ingredients. It is a homogeneous vodka made from pure wheat, which is distilled in Murowana Goslina near Poznań. After distillation, the vodka matures for a minimum of 30 days, which gives it a deep and smooth flavour. Wheat Vodka is unique and elegant, presented in specially designed bottles using a modern, minimalist design. We recommend serving it during tasting at room temperature to fully appreciate the subtle nuances of taste. You can also use it to prepare cocktails or consume it for yourself in your favourite way.

Corn vodka

Ima Distillery's Corn Vodka is one of the unique creations in the series of craft vodkas created by the esteemed Ima family. This unique vodka is produced using the highest distilling standards, whose history dates back over 70 years. Corn vodka combines unusual features that attract attention - its delicate but strong taste literally pampers the senses. The exceptionally soft and flavorful bouquet of vodka shows the perfect combination of tradition and modernity. Ima Distillery's corn vodka has the highest level of taste perfection thanks to multiple filtration and distillation of corn grains collected from the picturesque fields of the Zielonka Forest and pristine water from its own deep well. We recommend tasting corn vodka at room temperature neat and in various drinks. Its unique taste, slightly sweet, is marked by the subtle aroma of freshly prepared popcorn, which makes each sip a real taste experience.

Apple Vodka

The newest Apple Vodka in the Ima Distillery collection is a true craftsmanship that delights with its unique taste. Its secret is the most beautiful apples, harvested by experienced fruit growers from the picturesque surroundings of Murowana Goślina and Puszcza.

Greens. So far, you may have become familiar with alcohols made from distillates of wheat, rye, rice, corn or potatoes. Apple Vodka, however, is a completely unique product that stands out from others. Its unique taste is the result of carefully selected apples, which are the heart and soul of this unique dish composition.

This product has gained the recognition of industry experts - Apple Vodka was awarded the "Debut of the Year 2021" medal in the tradition category by the spirits.com.pl portal and the "Aqua Vitae" magazine. This is proof of the uniqueness of the product and confirmation that it is worth trying.

Miracle Rose Gold Vodka

Miracle Rose Gold is a unique vodka with a delicate taste. Its recipe is based on carefully selected wheat and crystal-clear water. The water is drawn from our own intake, then undergoes scrupulous inspection and is tested for the appropriate level of microelements. The remaining ingredients used in the production of this unique vodka come only from trusted suppliers from the Zielonka Forest area. This sophisticated bottle of vodka contains subtle notes of wheat, giving it a refined and smooth taste. It is one of the noblest grains used to produce vodka. In Polish distilleries, it is valued for its sublime, mild taste. Vodka is harmonized with gold during the filtration process, which makes the celebration of important moments unique. This is the most delicate Miracle vodka with a strength of 38%.

Miracle White Gold Vodka

Miracle White Gold is a unique cocktail vodka perfect for celebrating special moments. It is prepared from precisely selected rye grain, which, next to wheat, is considered one of the noblest raw materials for alcohol production in Poland. It gives the vodka a distinct, deep and multi-layered flavour, which distinguishes it from vodka made based on wheat. Miracle White Gold is characterized by spicy notes that blend perfectly with the whole. The water for the production of Miracle White Gold comes from our own well, which ensures its excellent purity and appropriate properties. What's more, the water filtration process using gold contributes to a unique aroma, adding a touch of luxury. This vodka comes in an elegant white bottle and contains 40% alcohol. It is made from local, carefully selected ingredients, according to the traditional recipes of a family distillery that has been passionately creating refined spirits for many years.

Grain Spirit

The highest quality grain spirit is made from a careful production process of rectified spirit with an alcohol content of 95%. The alcohol is made from selected cereal grains, such as wheat, rye and triticale, obtained from local farmers in the Zielonka Forest. The product is poured into 500 ml bottles, and the entire process takes place surrounded by picturesque nature. To ensure the highest quality and clarity of the spirit, additional carbon filters are used to help thoroughly clean the product. Each stage of grain spirit production is supervised by a team of specialists with many years of experience and passion for creating alcohol. Thanks to their involvement, this drink is neutral in both smell and taste. One of the distinguishing features of Grain Spirit is its versatility. Whether used in the food or cosmetics industry, it will always meet expectations. During production, it is repeatedly checked in a modern laboratory, where specialists examine its chemical purity.

Masuria Roots gin

Masuria Roots is a craft gin that is made according to a family recipe passed down from generation to generation. The main ingredient of this unique drink is crystal clear water from the Masuria Spring intake, located in the protected region of Warmia and Mazury near the "Góra Dębowa" reserve in the former Mława Forest. What gives Masuria Roots gin its unique character is the careful fractional distillation of wild juniper fruit, inspired by the traditions of herbalism and herbal medicine. This unique drink also includes distillates obtained from hand-picked elderflowers, linden flowers and Polish apples, which are supplemented with rectified wheat alcohol. Thanks to the distillation process in an original alembic, a gin with an extremely smooth and mild taste and a unique aroma is obtained.

Polish Forest gin

Polish Forest Gin is the first fully Polish craft gin, which was born out of fascination with the picturesque Zielonka Forest near Poznan. It debuted on the alcohol market in 2021 and immediately won the hearts of lovers of this drink. It received numerous positive reviews and critical acclaim from the Warsaw Spirits Competition, winning a prestigious award - the WSC 2021 gold medal. What distinguishes Polish Forest Gin from others is its simple concept - encapsulating the most beautiful aromas of the Polish forest in a bottle. The inspiration was the extraordinary diversity of the flora of the Zielonka Forest and its surroundings - the green lungs of Poznan, where Manufacture is located. This gin is made only from natural ingredients that can be found during a walk in the forest.

Whisky Skål

Skål Whiskey was produced in a small distillery in Sweden, 150 km from Stockholm. This unusual origin of the drink is one of its main advantages. What amazed us about this distillery? Its creators are not afraid of "forbidden" experiments, and unique taste sensations are the most important to them. They use four types of barrels to mature their whiskey: bourbon, sherry, oak and chestnut. So, what is Skål? This is a dry, peated single malt whiskey with a golden hue. Its woody aroma, with sweet notes of vanilla, dried fruit and caramel, pleasantly contrasts with the salty, spicy and slightly spicy finish. All of this is immersed in smoky, peat tones. This is definitely a characteristic, uncompromising proposition for those who are looking for new flavours. Skål whiskey is bottled at 46% ABV and has a volume of 700 ml. Each bottle is decorated with a label with a handwritten number and bottling date. The first batch includes just over a thousand bottles. This is a true craft whiskey straight from the land of the ancient Swedes.

Monteru Single Grape Brandy Chardonnay

Monteru Single Grape Brandy Chardonnay is produced by Maison Monteru, the first French producer of single-grape brandy. The distillery dates back to the 18th century and is considered a major pioneer in the spirits industry. Monteru Single Grape Brandy Chardonnay is made similarly to Cognac, using only Chardonnay grapes, harvested from the Maison's vineyards or local suppliers. This brandy is twice distilled in a traditional Charentais copper still. After distillation, it is aged for one year in French oak barrels, and then for another 12 months in American oak barrels. Monteru Single Grape Brandy Chardonnay delights the senses with the aromas of fresh citrus fruits with a delicate note of roasted almonds and a pleasantly refreshing aftertaste.

Rebel Yell Small Batch Reserve

Rebel Yell Small Batch Reserve was produced by Lux Row Distillers in Kentucky. Rebel Bourbon is a brand that has been around since 1849. Unlike other producers at the time, who based their bourbon on a rye mash, they were pioneers in creating a wheat-based drink. The distillery has been using its original recipe for years, which has received numerous awards. Rebel Yell Small Batch Reserve is a small-batch bourbon that is aged for at least 5 years. After this period, only barrels with the best aromatic characteristics are selected for bottling. This is a distinctly sweet bourbon with a distinctive flavour of honey, caramel and grapes. It is perfect as an ingredient in cocktails, but we also recommend serving it neat with a few ice cubes.

Glencadam Small Batch American Oak Reserve Bourbon

Glencadam Small Batch American Oak Reserve Bourbon is a Scotch whiskey produced by Glencadam Distillery. This distillery specializes in making malt whiskey and is located in the Scottish town of Brechin, near the foothills of the Cairngorms. The name "Glencadam" can be interpreted as "valley of wild geese". Although Glencadam Distillery is not very recognizable, it is considered one of the oldest whiskey distilleries in Scotland, probably founded in 1823. It is worth noting that despite its location close to the South Esk River, the water used to produce whiskey is drawn from Loch Lee, approximately 14 km away. No other Scottish whisky distillery draws its water for production from such a remote source.

Punta Cana Club Silver Dry

Punta Cana Club Silver Dry is a white rum from the Dominican Republic, produced by the family company Oliver & Oliver. The brand's origins date back to the 19th century, when a sugar cane and tobacco plantation was established in Cuba. As a result of the emigration of the owners, the company eventually moved its operations to the Dominican Republic. The name "Punta Cana Club Silver Dry" refers to the easternmost cape in the Dominican Republic and the town. The drink is made in a unique and innovative triple ageing process adapted from the Spanish soleras method, which means that older distillates are mixed with younger ones, giving it a deep and complex flavour structure. It is manufactured in limited, numbered editions.

Merser Double Barrel

Merser & Co. Double Barrel is a craft golden rum blended in London. The manufacturer is the Hayman's brand, known for its wide range of gins. The company's headquarters is located in a four-story building at 44 Essex Street, centrally in the heart of London, close to the River Thames. Double Barrel is a unique composition of six carefully selected rums from Jamaica, Barbados and the Dominican Republic, maturing for up to twelve years. These various spirits are mixed and stored in small batches for another six months. This process is known as "double barreling", which allows for the harmonious integration of different flavours and aromas, creating a refined combination. Each barrel is sufficient for only 400 bottles. Merser & Co. Double Barrel Rum delight with delicate notes of vanilla, tropical fruits and subtle accents reminiscent of wine. It is worth emphasizing that this unique rum won the highest title of "Champion" at the Spirits Business Rum and Cachaca Awards competition in 2020 and a gold medal at the International Spirits Challenge in 2020.

Rom Club Classic Spiced Rum

Mauritius Rum Club is a new brand of alcohol from a beautiful volcanic island that was once an important trade route. The founder of the brand, Frédéric Bestel, admits that aromatic spices play a key role in the creation of Mauritius Rum Club rum, and have always been part of the history of the island of Mauritius. In a short time, the drink gained recognition among connoisseurs, receiving prestigious awards in 2017, including distinctions at the International Wine and Spirit Competition and at the Concours Mondial de Bruxelles. This rum reflects the diversity and abundance of the island of Mauritius, with its fragrant surroundings, exotic flavours and exquisite dishes. The rum has a beautiful amber colour, and its scent is dominated by intense fruit and spicy notes. The flavour includes cinnamon, cardamom, grapes, mandarins and grapefruit. Mauritius Rum Club Classic Spiced is perfect as an ingredient in cocktails. It is especially recommended for tasting pure, with the addition of a few ice cubes to fully experience its flavour.

Rom Club Classic Spiced Rum

Mauritius Rom Club Sherry Spiced is a unique blend of Spiced rums originating directly from Mauritius, matured in sherry casks. This unique drink is produced by the renowned company Litchquor Ltd. The history of the distillery on this picturesque, volcanic island in the Indian Ocean dates back to 1800 when a family of French emigrants settled there. Mauritius Rom Club Sherry Spiced made its debut on the market in 2017 and quickly gained recognition, receiving a silver medal at the prestigious International Wine and Spirit Competition. Sherry dominates in the composition of Mauritius Rom Club Sherry Spiced. The flavour of almonds, walnuts and a delicate hint of chocolate and vanilla subtly blend into the drink. It's a balanced sweetness with a delicate touch of spiciness. The alcohol content of 40% is harmonized with the rich taste, which makes this rum perfect both as an ingredient in cocktails and for tasting pure with a little ice.

Ysabel Regina

Ysabel Regina is a Spanish brandy of the Ximénez-Spínola brand. The entire production is limited and numbered, which makes each bottle unique. Ximénez-Spínola is a brand responsible, among others, for the creation of Pedro Ximenez sherry. Ysabel Regina is a premium brandy created by the best specialists in their field. It is made from a blend of Gran Solera Reserva brandy with a small amount of VSOP cognac and matures in moist barrels that previously held Pedro Ximenez sherry. The aging time of brandy is 12 months, and its color is yellow, almost golden. The characteristic taste of Ysabel Regina brandy consists of fruity aromas of peach cream, frozen orange cake, burnt sugar, vanilla and raisins. Perfect for drinking neat with a few ice cubes or as an addition to fruit desserts.

Tokenoka Black Japan Blended Whiskey

Tokenoka Black Blended Whiskey is produced by White Oak Distilleries in Japan. Initially, the Eigashima company became famous for its sake, and in 1919 it was the first company in Japan to obtain a whiskey license. Since 1984, 30,000 litres of wine have been produced annually in a new distillery built in the Scottish style. Tokenoka Black Blended Whiskey is a 1:1 mixture of malt whiskey and grain whiskey, created by Akito Ueda. The barley is imported from Scotland, and the water comes from the same underground well used to produce sake. Tokenoka Black Blended Whiskey is aged in three different types of barrels - Bourbon, Xeres and the so-called virgin oaks. Tokenoka Black Blended Whiskey combines spiciness and creaminess with a delicate and vanilla finish, typical of Tokenoka.

Kinahan's KASC Irish Whiskey

Kinahan's Kasc is the world's first Hybrid Cask Blended Irish whiskey, produced since 1779. It was Kinahan's that started ageing whiskey in barrels, introducing a new approach to the production of this drink. Kinahan's Kasc Irish Whiskey is produced in handmade hybrid barrels constructed from a mixture of five oaks from different regions of the world: Portuguese, American, Hungarian, French and chestnut. Each type of tree gives Kinahan's Kasc Irish Whiskey a unique taste, shaping its unique character. The result is a whiskey with aromas of plum, pear, red apple and tropical fruit, and flavours of vanilla, oak, raisins and fig. In the final phase of tasting, subtle notes of orange, cloves and juicy pineapple appear.

Smith & Cross Traditional Rum

Jamaica Rum Smith & Cross Traditional Jamaica Rum is produced by London-based manufacturer Smith & Cross. This brand comes from one of the oldest English sugar and spirit refineries, transforming over time into a valued importer of Jamaican rum, located at 203 Thames Street in London. Smith & Cross Traditional Jamaica Rum, marked with a dark blue label referring to the colour of the Royal Navy (shade Navy Blue), is a unique blend of two distillates: Wedderburn and Plummer. Wedderburn distillate with an intense ester profile, is aged for at least half a year, while Plummer, with a medium ester profile, is aged for eighteen to thirty-six months. Both distillates are characterized by notes of caramelized banana, exotic fruits, spices and an earthy flavour. To maintain the tradition of Jamaican rum the production uses wild yeast from this region. Smith & Cross Traditional Jamaica Rum, bottled at 57% ABV, has a distinct aroma of pineapple and baked banana with a hint of vanilla, surrounded by subtle woody accents. Its extraordinary complexity makes it perfect both on its own and in cocktails.

Galliano L'autentico liqueur

Galliano L'Autentico is a golden herbal liqueur from Italy, distinguished by a characteristic, grooved bottle inspired by Roman columns. Its creator is Arturo Vaccari, a distilling enthusiast from Livorno, Tuscany. This aromatic liqueur, whose recipe is based on over 30 herbs and spices, has been produced since 1896 in the Piedmont region. Galliano L'Autentico was created in the picturesque Cheri, a small town at the foot of the Italian Alps. This region is characterized by an abundance of herbs and spices that are used in the production process. Although the recipe secrets are carefully guarded, the manufacturer reveals several ingredients, such as extracts of Mediterranean anise, juniper, musk yarrow, star anise, lavender, peppermint, cinnamon and vanilla. The liqueur is made by maceration of these and other herbs for 48 hours in a neutral solution of alcohol and water and then undergoes distillation in a small alembic with a capacity of less than 100 litres. Galliano L'Autentico is an aromatic liqueur in which anise and peppermint stand out, complemented by fresh herbs, cinnamon, ginger and citrus. The balanced taste of Galliano L'Autentico makes it perfect for consumption on its own or in drinks.

Galliano Vanilla liqueur

Galliano Vanilla is sweet vanilla liqueur. Vanilla, the second most expensive spice in the world, is harvested only in selected places around the world. Its extremely intense flavour and pleasant aroma develop during the fermentation and drying process, giving it its characteristic dark colour. Galliano Vanilla is a liqueur based on the original Galliano L'Autentico, which contains, among others: Mediterranean anise, lavender, cardamom, peppermint and cinnamon, dominated by Madagascar vanilla. Galliano Vanilla is a sweeter drink than the original but with less alcohol (30%). Bottled in a characteristic, slim glass. The liqueur is very delicate, with a distinct accent of vanilla, caramel and anise. Galliano Vanilla goes perfectly with vodka in drinks and also pairs well with coffee, coconut milk, soda and ginger beer. The uses are endless, and Galliano Vanilla is the perfect addition to many creative concoctions.

Galliano Amaretto liqueur

Galliano Amaretto is an excellent example of Italian craftsmanship and tradition, combining authenticity with the Italian spirit of "Spirito Italiano". This liqueur is bottled in a slim, tall glass reminiscent of Roman columns. This red-amber drink is made of bitter almonds and the essences of geranium, rose and iris. After distillation, Galliano Amaretto matures for several weeks to develop sweet, caramel and bitter aromas. In addition to the classic notes of almond and marzipan, this liqueur offers the flavors of roasted cocoa beans, Madagascar vanilla and subtly sweet and sour cherry. Galliano Amaretto works great as the main ingredient in drinks and as an addition to coffee, chocolate and desserts.
